**Advance Your Horsemanship!**  
**May 29 & 30 Completing Level 3**

**What we will cover:**

- The mornings will start with group discussion and theory. We will share our journeys and challenges. Then, there will be a theory session based on the needs of the group. We will use visual aids and simulations to advance your skills.
- Before lunch we will get to horses and each participant will receive an unofficial assessment. The afternoon sessions will consist of the Level 3 tasks on the Self Assessment Check List.
  - We will focus on the On Line tasks on Saturday and Liberty & FreeStyle will be for Sunday.
  - Build on perfect practice to get excellent results!
- The best way to build savvy quickly is through immersion. We will immerse ourselves in Parelli through learning to perform these tasks. The goal is complete level 3.
- You **MUST** be self assessed through level 2 to be eligible for this course. You will need to bring a signed copy of your self assessment for check in.
